# About Sevavardhini

Established on **17 March 1998**, Sevavardhini is a non-governmental organization registered under the **Societies Registration Act, 1860** and the **Bombay Public Trust Act, 1950**. The organization works across rural and underserved regions of Maharashtra.

Sevavardhini's key areas of work include **capability building of voluntary organizations, integrated rural development, natural resource management (includes water conservation, renewable energy, agriculture), education, livelihood development, health, self-reliance and entrepreneurship development**. Its interventions emphasize participatory planning and practical solutions that strengthen community resilience and long-term self-reliance.

Over the years, Sevavardhini has developed a network of 600 grassroots voluntary organizations across **Maharashtra**, supporting them through training, assessment, accreditation, mentoring, and collaborative initiatives. The organization also facilitates **corporate volunteering engagement** and **Ek Mutthi Anaj Abhiyan** providing opportunities for employees & residents from various societies to contribute to environmental conservation, water management, education, agriculture, and community development.

## Annual Report 2025-26

**FY 2025-26 was a year of growth, collaboration, and meaningful impact for Sevavardhini.** This Annual Report presents the organization's key programmes, achievements, partnerships, and outcomes during the year, reflecting its continued efforts to **strengthen grassroots institutions, promote sustainable livelihoods, conserve natural resources, and enable resilient communities** across Maharashtra.

# Sevavardhini

## VISION, MISSION & VALUES

### VISION

To build a vigorous Society through cohesive efforts of Social Organizations along with the devoted and committed voluntary workers

### MISSION

Empowerment of Voluntary Initiatives striving for Social Upliftment through cooperation and with help of development-oriented programs. Developing atmosphere of social trust through participation

### VALUES

- Total dedication and devotion to work
- Transparency
- Modern and professional approach
- National integrity and harmony
- Impartiality as regards race, religion, caste, creed, color, place of origin, age, education, or gender.
- Compliance with all the statutory and legal procedures

## KEY FOCUS AREAS

## Geographical Reach

Sevavardhini's current interventions are spread across **Maharashtra** and **Karnataka**, reaching diverse rural and underserved communities through its various development initiatives.

The geographic locations highlighted in the map represent our present areas of intervention. As we continue to strengthen partnerships and expand our programmes, Sevavardhini looks forward to extending its reach to new regions and communities in the years ahead.

## Key Highlights - FY 2025-2026

- Assessed **26 voluntary organizations** through accreditation assessment process.
- Implemented **20 development projects** across Maharashtra.
- Reached **1,35,000 direct and indirect beneficiaries** through integrated rural and social initiatives.
- Restored and rejuvenated **11 historic stepwells** across multiple districts of Maharashtra
- Installed **15 Rainwater Harvesting Systems** in schools and community structures, strengthening local water security
- Skilled and trained **719 tribal youth and women** under livelihood and entrepreneurship programmes.
- Implemented Solar PV Micro-grid systems **in Rangubelli in Melghat region bringing electricity for the first time in the lives of 84 families**
- Mobilized and distributed **1,23,538 kg food grains** through Ek Mutthi Anaj Abhiyan supporting orphanages, hostels, and elderly care institutions.
- Supported **5,000+ children** with nutritious meals through community-driven nutrition initiatives.
- Conducted **16 employee volunteering activities** in collaboration with corporate partners including HSBC, HMH Tech, AAM, and Mindtickle, engaging **1,260 corporate volunteers** who contributed over **4,700 volunteering hours** towards environmental and social development initiatives.
- Strengthened **110 NGOs and grassroots organizations** through Seva Tarang 3.0 knowledge-sharing platform.
- Strengthened livelihoods through agriculture, tailoring, solar technology, animal husbandry, fisheries, and agro-based trainings.
- Under the Swavalambi Bharat Abhiyan (SBA), Sevavardhini conducted **98 entrepreneurship awareness workshops** across **90 locations in Western Maharashtra**, out reaching **12,000+** participants. The initiative also supported **156 micro- entrepreneurs** and documented **24 entrepreneurial success stories**.

# Sanstha Kshamatavardhan Programme (Capability Building of Voluntary Organizations)

Sevavardhini continued to strengthen grassroots Voluntary Organizations (VOs) across Maharashtra through its **leading Sanstha Kshamatavardhan Programme**, focusing on enhancing institutional capability, governance, and long-term sustainability. The programme supports NGOs through structured accreditation, mentoring, and integration into the CSR and development ecosystem.

During FY 2025-26, a total of **26 Voluntary Organisations** (VOs) underwent **accreditation assessments**. With these additions, Sevavardhini has supported **54** Voluntary Organisations through the accreditation process till date, enabling them to strengthen operational transparency, statutory compliance, governance systems, and overall organisational effectiveness. Several organisations also progressed to advanced mentoring stages, receiving customised guidance on governance, documentation, and project implementation. Field visits and on-ground assessments were conducted across various districts to validate organisational processes and strengthen grassroots engagement.

During the year, **Seva Tarang 2026**, Sevavardhini's annual two-day gathering of Voluntary Organisations (VOs), brought together 126 VOs and 162 delegates for capability building, knowledge & experience sharing, peer learning, and networking. The conclave featured expert-led sessions on financial management and other relevant organisational topics, enabling VOs to learn from best practices and explore opportunities for collaboration.

Sevavardhini also conducted online **knowledge-sharing sessions** and **published monthly magazines** (Seva Varta) for VOs. Together, these platforms strengthened the voluntary sector through continuous learning, knowledge exchange, experience sharing, collaboration, and capability building.

## Impact at a Glance

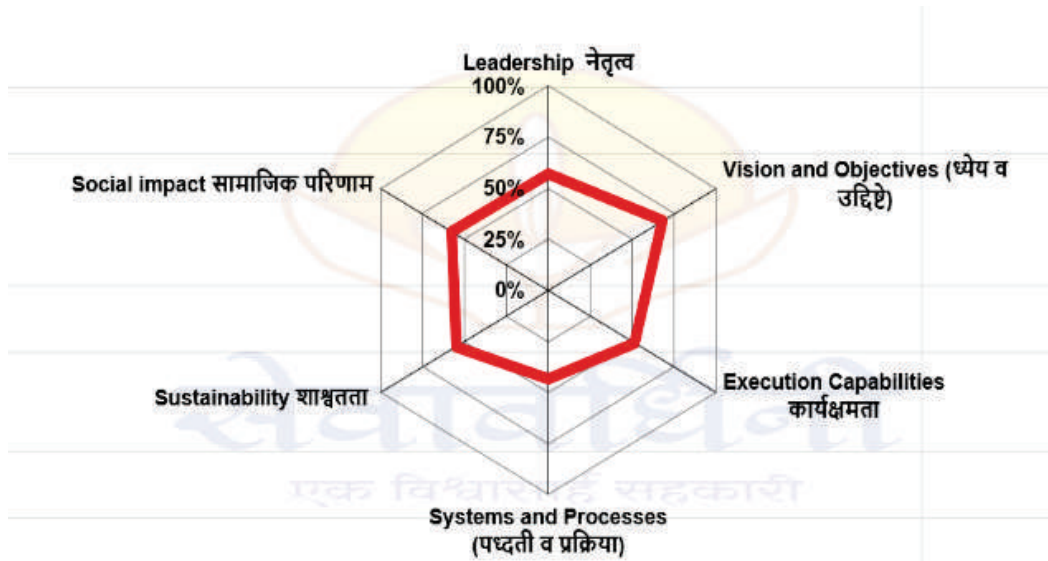

Sevavardhini further enabled strong CSR linkages, providing partner organisations with opportunities for collaboration, visibility, and resource mobilisation through corporate platforms and joint initiatives. Grassroots organisations actively participated in thematic projects such as water conservation, livelihood development, education support, and environmental initiatives.

In addition, support was extended through distribution of essential resources, onboarding of new organisations, and facilitating market linkages and community-based interventions.

Overall, the programme has significantly strengthened the NGO ecosystem by improving governance standards, enhancing implementation capacity, and fostering collaboration among Voluntary Organizations, thereby contributing to sustainable and community-driven development.

# Seva Tarang 2026

## State-Level Conference for Voluntary Organisations

28 February - 1 March 2026 | BAIF, Pune

Sevavardhini successfully organized **Sevatarang 2026**, a two-day state-level annual conference aimed at strengthening grassroots voluntary organisations through knowledge exchange, collaboration, and institutional capacity building.

The conference brought together a diverse network of NGOs across Maharashtra, creating a dynamic platform for peer learning, cross-sector dialogue, and strategic collaboration. The event was inaugurated in the presence of distinguished leaders, including **Shri Ravi Pandit (Co-founder, KPIT)**, along with senior leadership from Sevavardhini.

The sessions focused on key aspects of organisational development such as **vision and strategic planning, accreditation frameworks, financial governance, CSR compliance, volunteer engagement, and resource mobilisation**. A dedicated session by **IIT Mumbai – C-TARA** introduced innovative technological solutions for rural development and livelihoods.

Participating  
Organizations  
**126 NGOs**

**162+**  
Participants

Philanthropy  
Meet  
Participation  
**20 CSR**  
Partners

Participating organisations presented impactful case studies across sectors including **livelihood development, water conservation, education, and community health**, showcasing scalable and replicable models. Sevavardhini's flagship initiatives-**Ek Mutthi Anaj Abhiyan** and **Stepwell Rejuvenation Project**-were also highlighted to encourage wider adoption.

A key highlight was the **Philanthropy Meet**, which facilitated meaningful interactions between NGOs and donors, strengthening opportunities for partnerships and resource mobilisation. During the meet, **Dr. Kanika** and **Ms. Renu Jogdand** from **Mumbai University** presented a special study report on **Sevavardhini's approach to NGO capability building**, highlighting its distinctive model and efforts towards strengthening grassroots voluntary organisations.

The event also featured an NGO video presentation initiative, providing a platform to showcase grassroots work and enhance organisational visibility. The conference concluded with an inspiring interaction with **Padmashri Dr. Himmatrao Bawaskar**, reinforcing the importance of dedication, community service, and sustainable development.

Overall, Sevatarang 2026 significantly strengthened the NGO ecosystem by enhancing institutional capacities, fostering collaboration, and enabling knowledge-driven growth among voluntary organisations.

# Seva Tarang 2026

## State-Level Conference for Voluntary Organisations

28 February - 1 March 2026 | BAIF, Pune

# Seva Tarang 3.0- Knowledge Sharing Platform

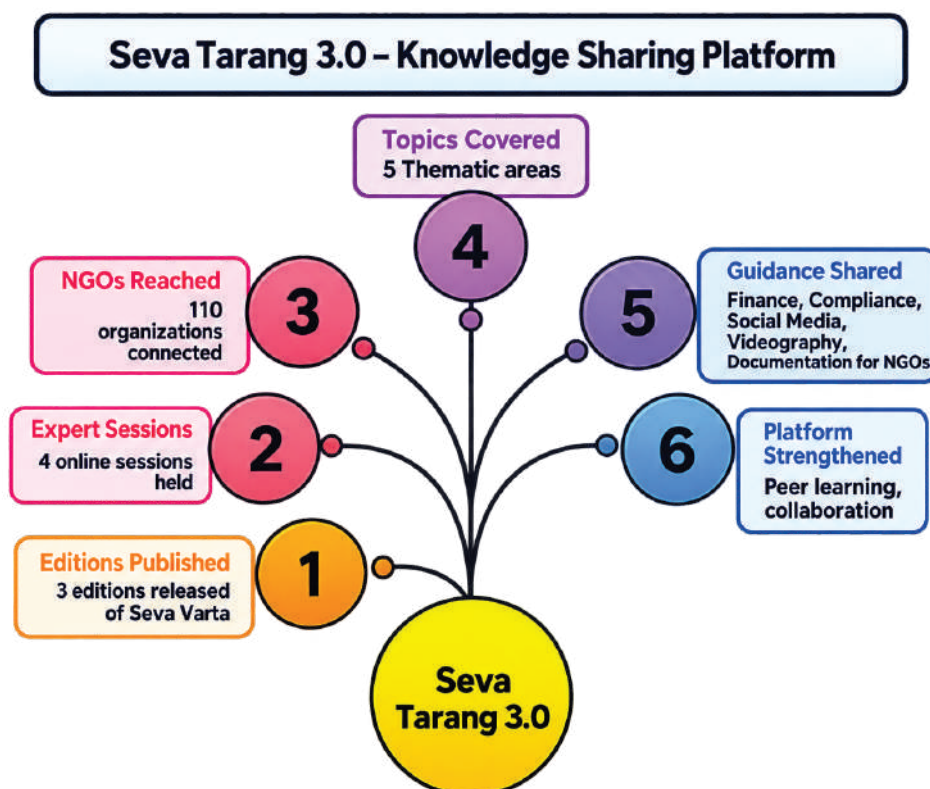

**Seva Tarang 3.0** continued as Sevavardhini's knowledge-sharing and capability-building initiative for grassroots organizations and social sector stakeholders across Maharashtra. The platform aims to strengthen NGOs and community-based organizations through thematic publications, expert guidance, and interactive learning opportunities focused on sustainable development, organizational growth, and social impact.

During FY 2025-26, **three editions** of **Seva Varta bimonthly magazines** were published, covering diverse themes such as livelihood generation, social entrepreneurship, NGO management, poultry farming, goat rearing, honey bee keeping, financial management, and social media usage for NGOs. The editions also highlighted the inspirational work and success stories of social organizations and grassroots change-makers, along with important updates related to CSR rules and NGO compliance.

## Online Sessions

| Sr. No. | Topic of Online Session                   | Resource Person     | Key Focus Area                                              |

# Punyashlok Ahilyadevi Holkar Stepwell Rejuvenation and Restoration

## Natural Resource Management | Water Conservation | Heritage Revival

The Punyashlok Ahilyadevi Holkar Stepwell Rejuvenation and Restoration Project is a key initiative of Sevavardhini focused on integrating **water conservation with heritage preservation**. Supported by **Atlas Copco India Pvt. Ltd., HSBC Software Development India Pvt. Ltd., HNB, Mindtickle, Tainwala Foundation** and **Suroj Buildcon Pvt. Ltd.**, the projects were implemented across multiple villages in Maharashtra. The initiative aims to restore traditional stepwells (baravs) to enhance groundwater recharge and water availability, while preserving culturally significant heritage structures and promoting community ownership.

During **2025-26**, a total of **11 stepwells** were restored at several locations including Nevri (Sangli), **Vadgaon J.S.** (Satara), **Loni Bhapkar and Saswad** (Pune), **Sarola Advai** and **Jamgaon** (Parner), **Muktai** (Nevasa), along with newly initiated sites at **Mukhai** (Shirur) and **Ekrukhe** (Ahilyanagar) district. Key interventions included cleaning, desilting, dewatering, structural repairs, and overall site development, contributing to the restoration of water bodies with a cumulative storage capacity of **over 50 lakh litres**.

A major highlight was the restoration of **an 800-year-old ornamental Muktai stepwell at Pichadgaon** in Nevasa, envisioned as a heritage conservation and tourism model.

The project placed strong emphasis on community participation through PRA exercises, village consultations, and coordination with Gram Panchayats, ensuring local ownership and sustainability. In addition to restoration, livelihood-linked initiatives such as SHG engagement for Azolla cultivation as a fodder production initiative and water filtration units were introduced at select sites. Overall, the project has contributed to improved water security, preservation of traditional heritage, and strengthened community-led natural resource management. With new locations identified across Patas, Shikhar Shingnapur, Sangli, and Karnataka, Sevavardhini aims to continue reflecting the scalability of the initiative

Improved groundwater recharge  
Enhanced water availability  
Preservation of cultural heritage  
Community ownership & pride  
Replicable model for water conservation

Reviving ancient wisdom, strengthening communities  
and securing water for generations to come.

# Participatory Groundwater Management Shirol, Kolhapur

Sevavardhini implemented the Participatory Groundwater Management initiative in Shirol Taluka, District Kolhapur, with the support from **ACWADAM**. The project focuses on strengthening community awareness and participation in addressing critical issues related to soil and groundwater contamination in the villages of Nandani, Mauje Agar, and Takliwadi.

As part of the initiative, focused community mobilisation efforts were undertaken to sensitise farmers and local stakeholders on sustainable water and agricultural practices. A key activity during the reporting period was a farmers' meeting conducted on 9th May 2025, which included an expert session on toxic-free and sustainable farming practices. The session emphasized the interlinkages between agricultural inputs, soil health, and groundwater quality, encouraging farmers to adopt environmentally responsible practices.

The project represents an important step towards fostering community-led groundwater governance by building awareness, promoting behavioural change, and strengthening local participation in natural resource management. Through such interventions, Sevavardhini aims to contribute to **long-term water security and sustainable agriculture** in the region.

# Varshakosh – Rainwater Harvesting & Water Storage Initiative

The **Varshakosh Initiative**, implemented with the support from **MSETCL, Hindustan Jagran Trust, and Suyash Solutions Pvt. Ltd.**, addresses seasonal water scarcity through **rooftop rainwater harvesting (RWH), groundwater recharge, and decentralized water storage solutions.**

The initiative was implemented across **four locations in Maharashtra**. In **Sangola**, RWH systems were installed across **10 Zilla Parishad Schools** with support from MSETCL. In **Rautwadi**, an RWH system was installed at the **Matimanda Mulanchi Krushi Karyashala** with support from Hindustan Jagran Trust, promoting sustainable water use for agricultural education. In **Vadala Bahiroba**, RWH systems were established at **four** community facilities-the Gram Panchayat, Shopping Complex, Maruti Mandir, and Bhairavnath Mandir-with support from Suyash Solutions Pvt. Ltd.

In **Junnar**, **water storage tanks** were constructed to address acute summer water shortages and improve water availability for rural households and livestock in tribal communities.

Across all locations, the initiative strengthened local water availability, groundwater recharge, and community-led water conservation practices. Technical implementation, documentation, and utilization reporting were completed successfully, demonstrating scalable and sustainable models for decentralized water management.

# Varshakosh – Rainwater Harvesting & Water Storage Initiative

# Dondaicha Natural Resource Development and Management, (IRD)

The **Dondaicha Natural Resource Management Project (IRD)** is being implemented by Sevavardhini in **Akkalkos** and **Surai villages of Dhule district**, with the support from **Maharashtra Natural Gas Limited (MNGL)**. The project aims to strengthen water security, enhance agricultural productivity, and promote community-led natural resource management through integrated watershed interventions.

During the year, the project focused on establishing a strong foundation for implementation through intensive community mobilisation, participatory planning, and technical assessments. Regular farmer group meetings were conducted to encourage local participation and ownership. Technical groundwork included pre-surveys and site assessments for **Cement Nala Bunds (CNBs)** and **Earthen Nala Bunds (ENBs)**, along with site identification, demarcation, preparation of cost estimates, and vendor consultations.

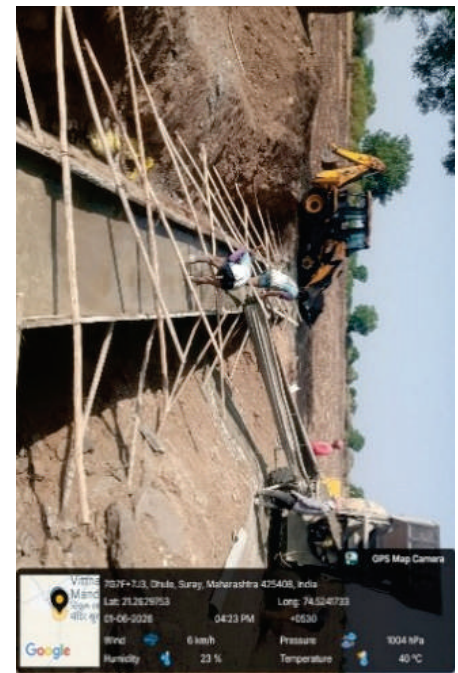

These preparatory activities have established the foundation for the timely implementation of planned watershed and natural resource management interventions in the upcoming phase.

# Renewable Energy for Water Supply Management

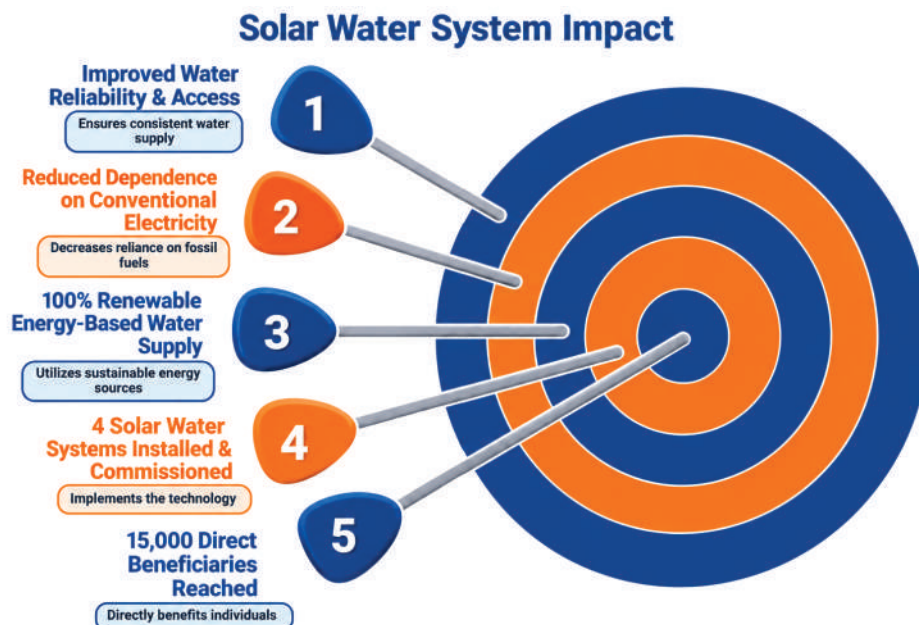

The Renewable Energy for Water Supply Management project, supported by **PTC Software (India) Pvt. Ltd.**, is a sustainable initiative by Sevavardhini aimed at providing reliable and eco-friendly drinking water solutions through solar-powered systems. Implemented in **Supe and Jejuri**, the project focuses on **improving water access, reducing dependence on conventional electricity**, and supporting both local communities and large floating populations such as pilgrims, while promoting efficient and sustainable water resource management.

During the year, the project progressed from planning to full implementation, including site assessments, technical design finalization, vendor onboarding and securing all statutory approvals and NOCs from local authorities. **Solar-powered pumping systems** were successfully installed and commissioned across four sites—**three in Supe** (including dug wells and a stepwell) and **one stepwell in Jejuri**. The systems were integrated with existing water storage and filtration infrastructure to ensure efficient and uninterrupted water supply. The project is also contributing to measurable climate benefits by replacing conventional electricity-based pumping with solar energy.

The **three 5 HP solar** pumping systems installed in Supe are estimated to avoid approximately **4.59 tCO<sub>2</sub> emissions per system per year**, while the **2 HP system installed at Jejuri** avoids approximately 1.83 tCO<sub>2</sub> per year. Together, the four solar-powered systems are expected to displace approximately **19,023 kWh of grid electricity annually**, resulting in an estimated **reduction of 15.60 tonnes of CO<sub>2</sub> emissions per year**. This demonstrates the project's contribution not only to reliable water access but also to renewable energy adoption and reduction of the environmental footprint of water supply systems.

The project also included coordination with local governing bodies, system testing, and preparation for handover, along with capacity-building support for local stakeholders to manage operations sustainably. The project now provides a reliable and renewable water supply system, significantly improving water accessibility while reducing electricity costs and environmental impact. It stands as a scalable model for sustainable rural and semi-urban water management.

# Rural Electrification Project Rangubeli, Melghat

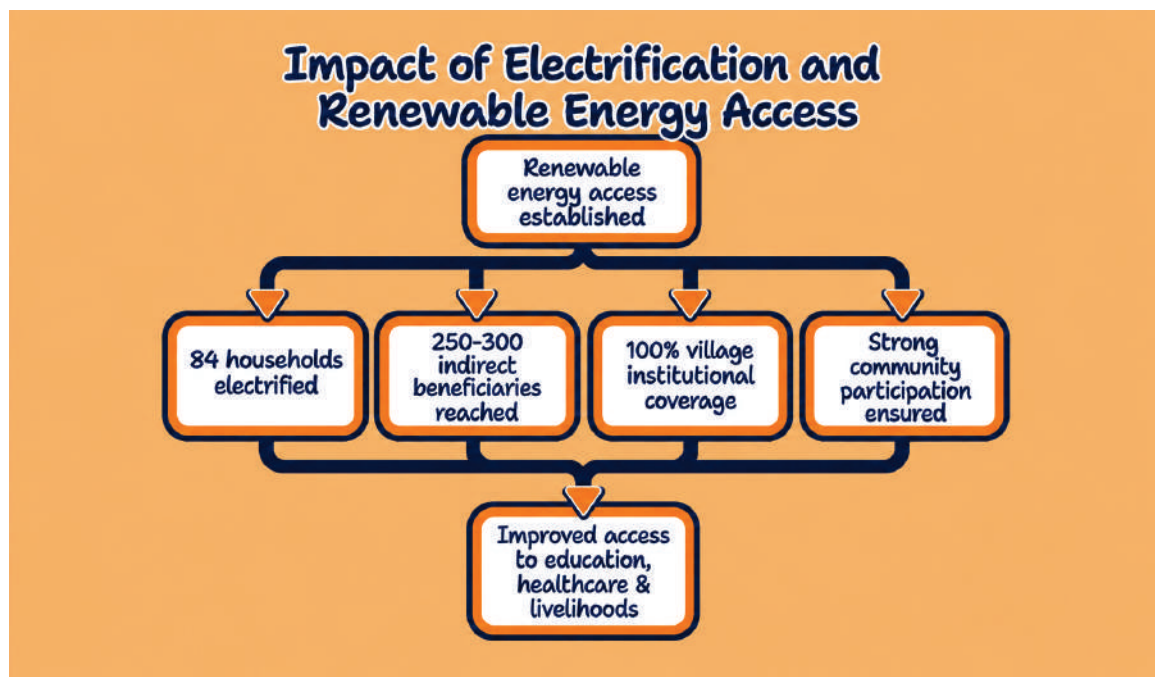

The **Rural Electrification Project at Rangubeli Village**, located in Dharni Block of Amravati District, is being implemented by **Sevavardhini** with the support from **Mercedes-Benz India Pvt. Ltd.**, in collaboration with technical partners **Gram Oorja and Nunam Technologies**.

The project has provided reliable, clean, and sustainable electricity access to **84 remote tribal households** and key community institutions through a Solar PV-based micro-grid system supported by **repurposed EV batteries provided by Mercedes-Benz**.

The project involved development of the complete village-level electrical infrastructure, including civil and electrical works, household wiring, distribution network, pole erection, control room infrastructure, and installation of the solar PV and battery storage system. Electrical connections were also established for essential community institutions such as the **school, Anganwadi centres, Gram Panchayat office, and Primary Health Care Centre**. The repurposed EV battery modules were tested, integrated, and commissioned as part of the energy storage system.

With the completion of installation, system integration, testing, and commissioning, Rangubeli now has access to a reliable and sustainable renewable energy solution. The project is expected to significantly contribute to improved household well-being, education, access to essential institutional services, and livelihood opportunities, in absence of conventional sources of electricity.

The successful completion of the project demonstrates the potential of renewable energy and innovative reuse of EV batteries to address energy access challenges in remote tribal communities and provides a replicable model for sustainable rural electrification.

# Samruddhi Gramvikas Abhiyan Watershed Development, Kasegaon

The **Samruddhi Gramvikas Abhiyan**, implemented in **Kasegaon village** with the support from **Precision Foundation**, is an integrated rural development initiative aimed at strengthening natural resources, improving livelihoods, and promoting inclusive community development.

A key component of the initiative is **watershed development**, with interventions designed to improve water availability, enhance groundwater recharge, and promote sustainable management of natural resources. The project also focuses on strengthening local institutions and encouraging the active participation of **women, adolescents, youth, farmers** and **the wider community** in the development process.

During the year, significant progress was achieved through **compartment bunding across approximately 300 hectares** and the construction and commissioning of **Cement Nala Bunds (CNBs)**, contributing to improved groundwater recharge and water conservation. A **Watershed Committee** was formed and trained to support the planning, monitoring, and long-term maintenance of project interventions.

Community participation and capability building remained integral to the initiative. Activities such as **Haldi-Kunku gatherings, adolescent awareness sessions under the Kishor and Kishori initiative, Yuvak Mandal meetings, training programmes, and an exposure visit to Watambare village** strengthened community engagement, awareness, and knowledge sharing.

In addition, **200 Parasbag (backyard kitchen garden) kits** were distributed to promote household nutrition, dietary diversity, and self-reliance. The initiative also supported the holistic development of adolescents through the distribution of **sports equipment to girls at Bhosale High School**, promoting physical well-being, confidence, and active participation.

Overall, the **Samruddhi Gramvikas Abhiyan** demonstrates Sevavardhini's integrated approach to rural development by combining **watershed development, natural resource management, nutrition, adolescent and youth engagement, institutional strengthening, and community participation**. The initiative aims to build a more **resilient, self-reliant, and sustainable rural community**.

The initiative continues to demonstrate a **community-driven and integrated approach to watershed development and rural resilience**.

# पूढारी

[illegible]

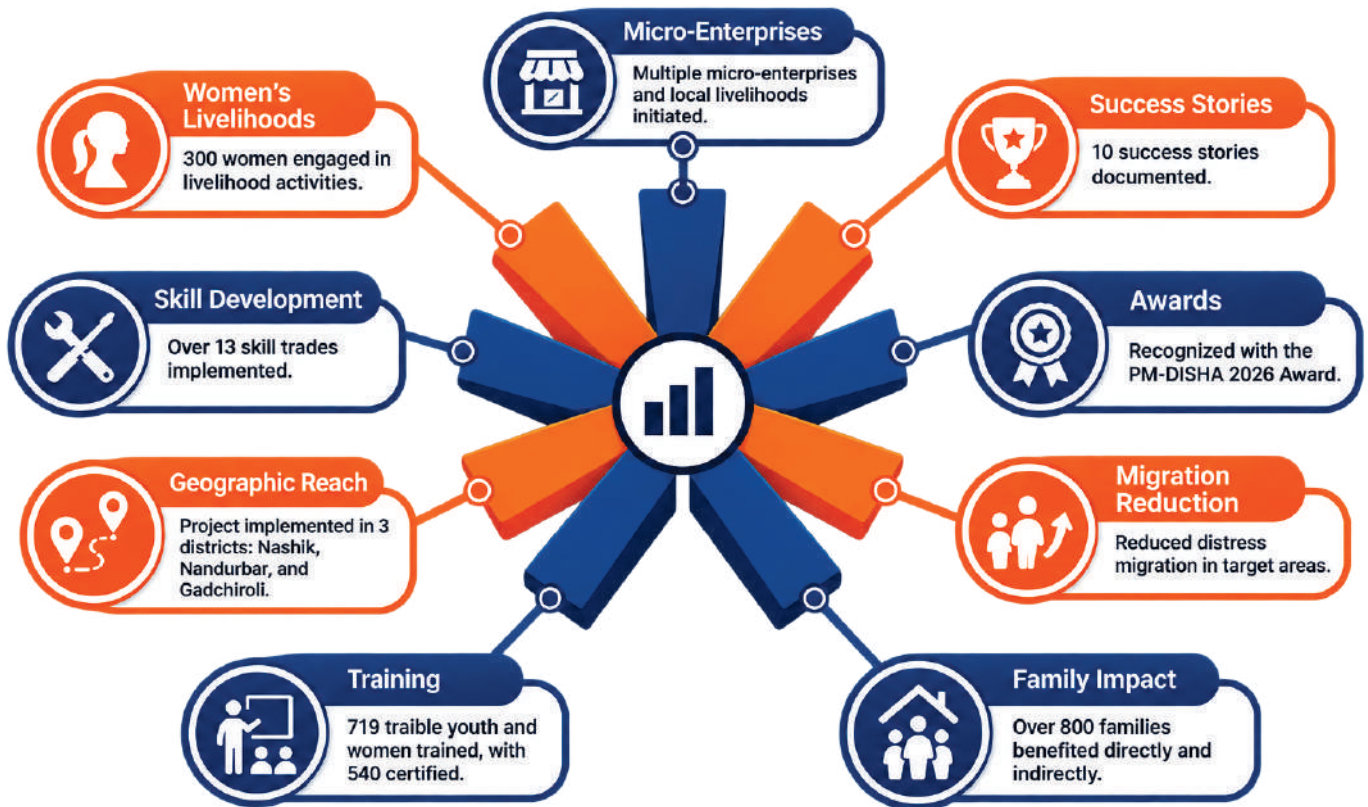

# Livelihood Development Janjatiya Kaushal Vikas Yojana

The Janjatiya Kaushal Vikas Yojana is a focused initiative by Sevavardhini to empower tribal youth and women across **Nashik, Nandurbar, and Gadchiroli** through **skill development, entrepreneurship, and sustainable livelihoods**.

During the year, the programme trained **719 beneficiaries** across **13 trades**, including solar technology, electrical work, tailoring, agriculture-based activities, and entrepreneurship. Moving beyond training, the initiative emphasized certification, handholding, and livelihood integration transitioning into local employment and micro-enterprises. With over **300 women actively engaged**, continuous mentoring, enterprise support, and linkages with financial institutions and government schemes helped strengthen income generation and reduce distress migration. Overall, the initiative has emerged as a strong model for converting skills into sustainable livelihoods, benefiting **800 families** and building self-reliant tribal communities.

## IMPACT

# Livelihood Development Sansadiya Sankul Vikas PariYojana

Sansadiya Sankul Vikas Pariyojana (SSVP) is a comprehensive initiative by Sevavardhini focused **on holistic tribal development across Nashik (Bhormal cluster) and Nandurbar (Natawad cluster)**. Supported by **SECI Ltd and NTPC Ltd.** respectively, the project aims to enhance rural livelihoods, strengthen irrigation access, promote sustainable agriculture, and reduce distress migration through community-driven and resource-efficient development models.

During the year, significant progress was achieved in strengthening irrigation and agricultural systems through solar irrigation installations, pipeline development, and repair of existing infrastructure, benefiting more than **20 farmers** and improving water access and agricultural productivity. Community engagement remained strong through regular farmer group meetings, Gram Sabha participation, and institutional strengthening activities.

Additional initiatives such as tree plantation, documentation of **300 farmers for the proposed Van Dhan Vikas Kendra**, and development of success stories further enhanced livelihood opportunities and community ownership.

The project has contributed to improved water security, strengthened agricultural resilience, and reduced distress migration through sustainable livelihood generation. A major success was the transformation of seasonal farming into year-round cultivation for the Tembaryadev Farmer Group, Pawala, where **farmers' annual income increased** from approximately **Rs.50,000-55,000** to nearly **Rs.1.6 lakh**. The project's innovative and community-driven approach was further recognized through **the PM-DISHA 2026 Award**.

# Health, Nutrition and Well – Being Initiatives

## Building Healthier and More Resilient Communities

Sevavardhini recognizes that good health and nutrition are essential foundations for sustainable community development. While health interventions have so far been integrated across its community development initiatives, the organisation plans to further strengthen its engagement in the health domain by expanding programmes focused on children's health, women's health, nutrition, preventive healthcare, vaccination awareness, and support for disease prevention and eradication initiatives such as tuberculosis (TB), based on community needs and local priorities.

During the year, Sevavardhini continued to contribute to health and nutrition outcomes through its existing community-based initiatives. Through the **Ek Mutthi Anaj Abhiyan**, food grains are collected from urban communities and housing societies and distributed to orphanages, Ashramshalas, old-age homes, and other institutions supporting vulnerable communities. This initiative helps improve access to nutritious food while encouraging community participation and social responsibility.

Nutrition and household food security were also promoted through the **Parasbag (Backyard Kitchen Garden) Initiative**. Through corporate-supported volunteering activities, volunteers participated in the packing of seed kits containing **10 different varieties of vegetable and fruit seeds**. A total **1020 kits** were distributed to farmers and partner organisations across Maharashtra, along with guidance on developing backyard kitchen gardens. The initiative encourages families, including farming households, to grow a variety of vegetables and fruits for their own consumption, thereby supporting dietary diversity, nutrition, and household self-reliance.

Building on these initiatives, Sevavardhini aims to progressively expand its work in the health domain through need-based programmes and partnerships, wherever such interventions are required.

# Swavalambi Bharat Abhiyan (SBA) Western Maharashtra

The Swavalambi Bharat Abhiyan (SBA), under the guidance of Swadeshi Jagran Manch, is a multi-district initiative promoting self-employment, entrepreneurship, and local economic development across Nashik, Ahilyanagar, Pune, Solapur, Satara, Sangli, and Kolhapur. The programme focuses on strengthening entrepreneurial capacities among youth and women and advancing the vision of Atmanirbhar Bharat through grassroots engagement and sustainable livelihood creation.

## Key Achievements – FY 2025–26

- **98 Entrepreneurship** Awareness Camps conducted across the seven districts
- **70 college** engagements and **30 tehsil-level** programmes conducted
- **2,300 school** faculty members trained under **Udyam Shala** to promote entrepreneurial thinking among students
- **24 nano** and **micro entrepreneurs** started their own businesses through dedicated mentoring and handholding support
- **6 startups** supported through **Shark Tank 2.0 in Solapur**, collectively raising investment of **Rs.2.5 Crore**.
- Entrepreneurial mentoring, exposure visits, exhibitions, business networking, business idea validation, and market linkage support provided throughout the year.

The programme provides end-to-end entrepreneurial support, from awareness and idea development to enterprise handholding, mentoring, market linkages, and access to business networks. The initiative was strengthened through collaboration with **MITCON, Laghu Udyog Bharati, De-Asra Foundation, District Industries Centres (DICs)** and other institutional partners.

Through these interventions, SBA is creating a stronger grassroots entrepreneurial ecosystem and enabling youth and women to move from employment seekers to employment creators.

## SBA Impact - FY-2025-26

# Swavalambi Bharat Abhiyan (SBA) Western Maharashtra

# Swavalambi Bharat Abhiyan (SBA) Western Maharashtra

# Ek Mutthi Anaj Abhiyan

Ek Mutthi Anaj Abhiyan is a community-driven initiative of Sevavardhini focused on addressing hunger and nutritional insecurity through collective participation. The programme encourages families and housing societies to contribute small quantities of food grains regularly, creating a sustainable support system for orphanages, residential schools, hostels, and old age homes across Maharashtra. The initiative is actively implemented across **PCMC, Kothrud, and Rohan builder societies**, Pune, with strong support from volunteers, residential societies, and community partners. The programme aligns with **UN Sustainable Development Goal (SDG) 2 - Zero Hunger** and **SDG 17- Partnerships for the Goals**, promoting community collaboration for sustainable social impact.

## Ek Mutthi Anaj Abhiyan Impact FY 2025-2026

During FY 2025-26, the initiative successfully mobilised and distributed **1,23,538.371 kg of food grains** to **36 partner organisations** supporting vulnerable children and elderly communities. Monthly grain collection drives were conducted throughout the year with active participation from housing societies and volunteers.

The programme witnessed strong community participation, including engagement from **Rohan Builders' housing societies**, and further expanded its social outreach through the **PCMC Pink Drive** organized on the **occasion of International Women's Day**. The initiative promoted **menstrual hygiene** awareness and facilitated the collection of **21,954 sanitary pad packets (21,954 sanitary pads)**, which were distributed to **Sahara Gramvikas Bahuuddheshiya Sanstha, Amravati**. Through transparent collection, aggregation, and distribution systems, the initiative ensured meaningful

community support while strengthening awareness, empathy, and social responsibility.

## विदर्भातील आदिवासी मुलींसाठी सॅनिटरी पॅड्सचे संकलन

सेवावर्धिनीचा पुढाकार : पिंपळे सौदागरला 'पिंक ड्राइव्ह' उपक्रम, धान्यही गोळा

पिंपरी चिंचवड, ता. २१ (प्रतिनिधी) पिंपरी-चिंचवड येथील सेवावर्धिनीच्या इन्टरनेशनल फॅडिथर्मुसतील ताडोबा-अंधारी ल्याथ प्रकल्प परिसरातील आदिवासी मुलींसाठी सॅनिटरी पॅड्स संकलन आणि गरजवंत कुटुंबांसाठी धान्य संकलन मोहिमेचे आयोजन करण्यात आले.

रविवारी पिंपळे सौदागर येथे 'पिंक ड्राइव्ह' हा उपक्रम राबविण्यात आला. परिसरातील ५० हून अधिक महिला आणि विद्यार्थिनींनी उत्स्फूर्त प्रतिसाद देत सॅनिटरी पॅड्स तसेच धान्याचे योगदान दिले. या वेळी शाळा-महाविद्यालयांतील मुली आणि महिला नागरिकांनी मोठ्या प्रमाणावर सहभाग नोंदवला.

या उपक्रमाचे समन्वयन सेवा व्हायपी नीच्या अध्यक्ष डॉ. अंजुनेत्रा गवस, उपाध्यक्ष डॉ. विद्या नदाफ, अंमळे जमल प्लॅटर्स

पिंपळे सौदागर येथे सॅनिटरी पॅड्स आणि धान्य संकलन मोहिमेत सहभागी सेवावर्धिनीच्या महिला सदस्य आणि नागरिकांचा समूह.

पुष्पल शेलार, सविटणीस डॉ. नमिता घोडके पाटील, सहसंचालिका डॉ. रजनी घांग यांच्या मार्गदर्शनाखाली करण्यात आले. या वेळी डॉ. मीना अन्तिहोत्री, स्वाती देव, श्रद्धा भालेराव, ललिता मेहता, सिमता चाफेकर, श्रद्धा सालुंखे, दिशा राहू, वृंदा जिंदा,

धर्ती बिंद, चाहुसजोधी लोणेकर, स्मृती दवे, शारदा शहा, संध्य गुंडा, बबिता लढा, पायल पाचपोर यांनी स्वेच्छेने सहभाग घेतला. उपक्रम यशस्वीतेसाठी डॉ. पुजा राजयश यांनी विशेष परिश्रम घेतले.

### शेकडी कुटुंबाचा सहभाग

■ सॅनिटरी पॅड्सबरोबरच महिला नागरिकांकडून मोठ्या प्रमाणात धान्यही संकलित करण्यात आले, जे पुढे गरजू कुटुंबांना दिले जाणार आहे. हा उपक्रम केवळ आरोग्याशीच निगडित नसून समाजातील गरजू घटकांप्रती संवेदनशीलता जपणारा आहे.

समाजातील वंचित घटकांच्या मूलभूत गरजा पूर्ण करणे हीच खरी सेवा आहे. महिलांनी पुढाकार घेऊन केलेला हा उपक्रम इतरांसाठीही प्रेरणादायी ठरेल आणि अशा उपक्रमांना पुढेही पाठिंबा दिला जाईल.

- डॉ. अंजुनेत्रा गवस, अध्यक्ष, सेवा व्हायपी फाउंडेशन

# Volunteering/ Corporate Engagement Activity

Sevavardhini continued to strengthen its Corporate Employee Engagement and Volunteering initiatives through meaningful collaborations with corporate partners including HSBC Software Development India Pvt. Ltd., **HMH Tech India Pvt. Ltd.**, **American Axle & Manufacturing (AAM)**, **Mindtickle**, and community institutions across Pune district. These initiatives aimed to promote environmental sustainability, community participation, educational enhancement, and employee-driven social responsibility through structured volunteering activities.

During FY 2025-26, Sevavardhini organized a diverse range of activities including **tree plantation drives, school wall painting, nursery maintenance, campus beautification, seed kit assembling, eco-friendly Rakhi making, Diwali kit assembling, botanical garden activities, and stepwell beautification programmes**. Activities were conducted at **locations** such as **Agricultural College Pune, Jejuri, Karanjwane, Kondhapuri, Dhamari, Wadgaon Sheri, and Dighi schools**, creating visible environmental and social impact. The initiatives also enabled corporate employees to engage directly with grassroots development efforts while fostering awareness about sustainability and community stewardship.

# Volunteering/ Corporate Engagement Activity

# Diwali Kit Volunteering Activity and Distribution Drive

Sevavardhini organized a large-scale **Diwali Kit Packing and Distribution Drive 2025** on 11 October 2025 at Ideal Colony Ground, Kothrud, Pune, bringing together the spirit of Seva, compassion, and collective action.

The initiative mobilized **120 volunteers** including housing society members, students, corporate volunteers, children, senior citizens, and Sevavardhini team members, who collectively contributed over **300 volunteer** hours to prepare and distribute **1,000 Diwali Kits** for underserved communities across Maharashtra. The kits, containing essential festive and utility items such as sarees, diyas, hygiene materials, traditional faral, and sky lanterns, were distributed among tribal families, flood-affected households, marginalized women, and economically vulnerable communities across **8 districts** including Nashik, Nandurbar, Gadchiroli, Yavatmal, Raigad, Pune, Solapur, and Sambhajinagar.

The activity was implemented in collaboration with **12 partner organizations and community groups**, strengthening grassroots outreach and ensuring timely distribution to deserving beneficiaries.

The initiative not only spread festive joy and dignity among beneficiary families but also strengthened community participation, youth engagement, and the culture of volunteer-driven social responsibility. The activity aligned with key Sustainable Development Goals including **No Poverty, Reduced Inequalities, Sustainable Communities, and Partnerships for Goals**.

# Volunteering Activity- Melghat Support Group

The Melghat Support Activity is a yearly initiative undertaken by Sevavardhini & Melghat Support Group during the month of May to promote sustainable living, support tribal communities, and encourage eco-conscious community participation. The initiative serves as a platform to connect urban communities with the livelihoods, culture, and developmental needs of the Melghat region while promoting environmentally responsible practices.

As part of this initiative, the group organized a three-day event from 16th to 18th May 2025 at Sou. Vimalabai Garware High School, Pune. The programme was inaugurated in the presence of **Padmashri Chhatramji Pawar, Vice Chancellor of SPPU Dr. Suresh Gosavi, Pro-VC of SPPU Dr. Parag Kalkar, Management Council Member of SPPU Mr. Ravindra Shingnapurkar.**

The event featured exhibitions and sale of eco-friendly products, bamboo crafts, millet-based food products, tribal handicrafts, and reusable household items made by organizations such as Sampoorana Bamboo Kendra, Ahimay, Sugarana, Poornam Eco Vision, Agroggi, and Vaidik Millets. Activities also included cloth donation drives, upcycling awareness campaigns, volunteer engagement, and awareness sessions on tribal livelihoods and sustainable lifestyles.

The programme witnessed enthusiastic participation from citizens, NGOs, and eco-enterprises, with 50+ volunteers supporting the event. The initiative generated significant material and financial support for Melghat communities while strengthening awareness about sustainability, tribal development, and community-driven social responsibility.

# Special Initiatives by Sevavardhini | FY 2025-26

- Distributed **1000+ Parasbag seed kits** to partner organizations promoting nutrition and sustainable household farming
- Strengthened **110 voluntary** organizations through Seva Tarang 3.0, Seva Varta, and Seva Sanwad initiatives
- Facilitated participation of partner NGOs in **HSBC Helping Hand Mela, Capita India, and Microland events**, creating livelihood and market linkage opportunities
- Distributed **1,000 Diwali Kits** to tribal and flood-affected families through 12 partner organizations
- Distributed **500 painted diyas** through employee volunteering initiatives to orphanages, tribal communities, and old age homes
- Supported schools through distribution of school-aids such as **blackboards, stationery kits, benches, and e-learning equipment etc.**
- Provided essential items including **washing machines, beds, refrigerators, blankets, sanitation kits and hygiene equipment** to partner organizations and care institutions through corporate support
- Organized the **"Shashwat Krushi Sanjivani"** event promoting sustainable agriculture and traditional farming knowledge
- Promoted sustainability through **eco-friendly Rakhi distribution, honey collection kits, and environmental initiatives**
- Conducted awareness programmes including **Traffic Awareness Sessions** for employees and communities

## Special Initiatives by Sevavardhini | FY 2025-26

# UN Sustainable Development Goals (SDGs) Covered FY 2025–26

Sevavardhini's programmes are aligned with the **United Nations Sustainable Development Goals (SDGs)**. Through these various interventions, Sevavardhini contributed towards **15 SDGs** during **FY 2025-26**, supporting inclusive and sustainable development.

# Proposed Initiatives for 2026-27

Building on Sevavardhini's experience and partnerships, the organisation will focus on the following prospective initiatives during FY 2026-27:

- **Scale Water Conservation & Water Heritage Initiatives**

Expand water conservation, rainwater harvesting and stepwell rejuvenation across drought-prone regions of Maharashtra, with a focus on water security and groundwater recharge.

- **Promote Renewable Energy & Sustainable Agriculture**

Scale solar-based drinking water, irrigation and renewable energy solutions, along with sustainable agriculture initiatives in rural and tribal communities.

- **Strengthen Livelihoods & Rural Entrepreneurship**

Expand skill development, enterprise creation, women-led livelihoods and SHG initiatives through business mentoring, enterprise support and market linkages.

- **Expand Ek Mutthi Anaj Abhiyan**

Engage more housing societies, strengthen volunteer participation and extend support to additional deserving beneficiary institutions.

- **Build Stronger Grassroots Institutions**

Expand accreditation, mentoring, networking and knowledge-sharing for voluntary organisations through Seva Tarang 2027 and the next phase of the Accreditation & Institutional Strengthening Initiative.

- **Deepen CSR Partnerships & Resource Mobilisation**

Engage with new CSR partners and develop high-impact, scalable project proposals aligned with rural development, livelihoods, water, environment, education and renewable energy.

- **Expand Corporate Volunteering & Employee Engagement**

Build partnerships with corporates for structured employee volunteering, community engagement and hands-on initiatives in environment, education and rural development.

- **Strengthen Strategic Partnerships**

Develop long-term collaborations with grassroots organisations, educational institutions, government departments, corporates and community-based organisations to expand the reach and effectiveness of development initiatives.

- **Enhance Volunteer Engagement & Community Outreach**

Create stronger volunteer networks and increase community participation through structured outreach, campaigns and field-level engagement.

- **Strengthen Digital Documentation & Impact Communication**

Improve digital project monitoring, impact assessment, documentation and communication of success stories to demonstrate measurable outcomes and enhance Sevavardhini's visibility and credibility.

# Awards and Accomplishments

During FY 2025-26, **Sevavardhini** received three prestigious recognitions for its impactful and sustainable community development initiatives across Maharashtra.

## ■ PMA Eminence Award 2025 -

**"Best NGO with Social Impact"** presented by Pune Management Association on its 49th Foundation Day, recognizing Sevavardhini's contribution towards rural empowerment through the values of Seva, Sanskriti, and Swaavalamban.

## ■ Honorable Mention -

**PMI Project of the Year Award 2025 (Social Project Category)** by Project Management Institute for the **"Sevavardhini Jaldoot - Water Messengers"** initiative, acknowledging excellence and innovation in delivering sustainable water solutions.

## ■ Disha 2026 Award -

**Social Impact Project Category** by Project Management Institute for the **SSVP Bhormal Project**, recognizing its impactful and sustainable rural development model.

These recognitions reaffirm Sevavardhini's commitment to creating sustainable grassroots impact through strong community participation, CSR partnerships, and innovative development initiatives.

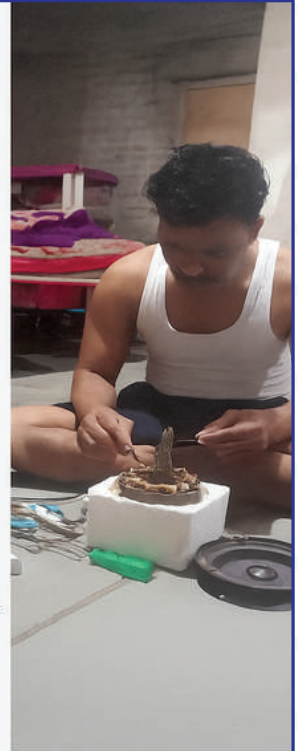

## A Few Successes Stories

Behind every initiative are stories of **positive change, resilience, and transformation**. The following stories highlight a few examples of how Sevavardhini's interventions have helped empower individuals and communities, creating meaningful and sustainable impact.

### Yohan Kuvarsing Valvi

#### Wireman Training

Yohan, a 36-year-old tribal from Mangrul (Nandurbar), was working as a farm laborer earning ₹150-200 per day struggling to meet family needs. After completing 25 days of Wireman training at Sevavardhini, he started offering electrical services in his village, now earning around ₹14,000 monthly.

The training gave him direction, self-confidence and a respected identity as a skilled technician in his community.

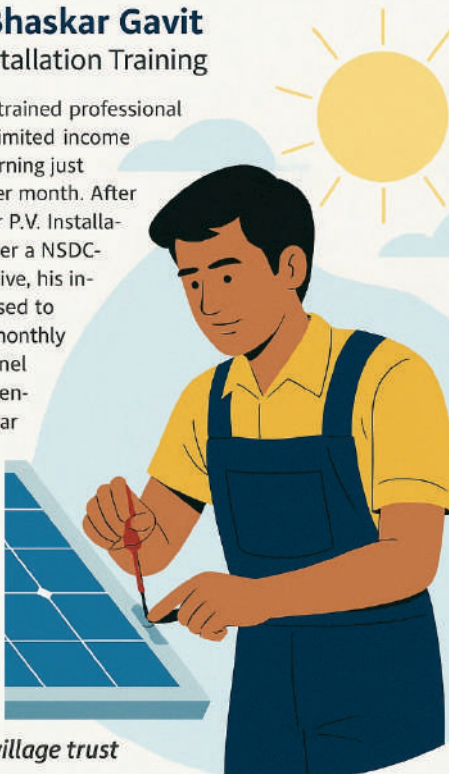

### Success Story: Empowering Local Livelihoods through Solar Skills

#### Santosh Bhaskar Gavit Solar P.V. Installation Training

Santosh, a 12th-trained professional struggling with limited income opportunities earning just ₹5,000-6,000 per month. After enrolling in Solar P.V. Installation training under a NSDC-supported initiative, his income has increased to ₹8,000-10,000 monthly offering solar panel repair and maintenance services near home.

“

*This training changed my path. I now earn better, live with my family, and people in my village trust my skills.”*

# A Few Successes Stories

## SUCCESS STORY: EMPOWERING RURAL LIVELIHOODS THROUGH WIREMAN SKILLS

### PRAVEET MADHUKAR VALVI

#### WIREMAN VOCATIONAL TRAINING

-  **Address:** Malpur, Post Arditara,  
Taluka Nandurbar, District Nandurbar
-  **Age:** 34 Years | **Education:** M.A.
-  **Family Members:** 5

#### TRAINING DETAILS

- **Project:** Janjatiya Kaushalya Vikas Project
- **Training:** Wireman Vocational Training
- **Venue:** Arditara
- **Duration:** 25 Days  
(December 2024 to April 2025)
- **Skills Learned:** Electrical wiring, electrical repairs, and maintenance of electrical equipment.

#### SITUATION BEFORE TRAINING

- Engaged in agriculture
- Irregular income and lack of employment opportunities
- Unstable financial condition

#### PROGRESS AFTER TRAINING

- Business After Training:** Wireman services  
(Electrical wiring and repairs)
- **Initial Investment:** ₹2,000/-
  - **Current Monthly Income:** ₹8,000 – ₹10,000
  - **Additional Employment Generated:**  
Yes, 3 people from the village are employed through his business.

#### CHANGES IN LIFE

##### PERSONAL & FAMILY LIFE

- Gained in-depth knowledge in the electrical field.
- Established an independent business with steady income.
- Created employment for 3 local youths.
- Improved financial stability and quality of life for family.

##### SOCIAL OUTLOOK

- Respected and recognized in his community. His success inspires others in the village to pursue skill development and self-employment.

#### TESTIMONIAL

"This training changed my life. Today, I can earn independently, support my family with confidence, and also provide work opportunities to others in my village."

Praveet Madhukar Valvi's journey shows how vocational training creates self-reliance, improves income, and brings positive change to families and communities.

#### FUTURE ASPIRATIONS

To expand my Wireman business, take up bigger projects, and provide employment to more people in the future.

## SUCCESS STORY: EMPOWERING RURAL LIVELIHOODS THROUGH SEWING SKILLS

### PRAMILA SURESH VALVI

#### SEWING MACHINE TRAINING

-  **Address:** Pawala, Post Arditara,  
Taluka Nandurbar, District Nandurbar
-  **Age:** 35 Years | **Education:** M.A., B.Ed
-  **Family Members:** 4

#### TRAINING DETAILS

- **Project:** Janjatiya Kaushalya Vikas Project
- **Training:** Sewing Machine Training
- **Venue:** Samaj Mandir, Arditara
- **Duration:** 25 Days
- **Skills Learned:** Advanced skills in stitching blouses, gowns, petticoats, salwar suits and other designs.

#### SITUATION BEFORE TRAINING

- **Business:** Tailoring (Sewing work)
- **Initial Investment:** ₹20,000/-
- **Monthly Income:** ₹4,000/-
- **Challenges:**
  - Unable to create new designs, limiting the type of work.
  - Low income due to fewer orders and lack of variety in products.

#### PROGRESS AFTER TRAINING

- Business After Training:** Tailoring (Sewing work)
- **Additional Investment:** None (continued existing business)
  - **Current Monthly Income:** ₹6,000/-
  - **Additional Employment Generated:** None
- With new skills and modern designs, she can now create more intricate and high-value products, attracting more customers and increasing her income.

#### CHANGES IN LIFE

##### PERSONAL & FAMILY LIFE

- Gained knowledge of new designs and stitching techniques.
- Increased income and improved financial stability.
- More confidence to expand her tailoring business in the future.

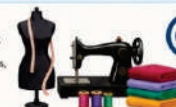

##### SOCIAL OUTLOOK

- Her family now regards her with more respect due to financial improvement and enhanced skills. She has become a role model for other women in the village seeking better livelihoods.

#### EXPERIENCE & FEEDBACK

The training helped me learn many new stitching techniques. Earlier I could only stitch simple blouses, but now I make them in different designs, which has increased the price of my work. I am thankful to the trainers and Sevavardhini organization for their support.

PrAMILA Suresh Valvi's journey shows how skill development empowers women, improves income, and brings social recognition, inspiring others to pursue training and self-employment.

#### FUTURE PLANS / DREAMS

I aim to expand my tailoring business by hiring workers and increasing production to serve more customers and provide employment opportunities in my village.

# Thank you

As we conclude another impactful year of service, we sincerely thank all our corporate partners, donors, volunteers, well-wishers, partner organizations, and community members for standing with Sevavardhini in this journey of change.

Your trust and support have empowered us to bring meaningful transformation across rural and tribal communities through initiatives in water conservation, renewable energy, livelihood development, education, health & nutrition, and community empowerment.

Every milestone achieved reflects the strength of our collective efforts and shared commitment towards building a sustainable, self-reliant, and compassionate society.

**Together, empowering institutions, enabling communities  
and creating lasting impact**

**With Heartfelt Gratitude,  
Team Sevavardhini**
